eBooks, Audiobooks & More for Your School

The leading digital reading platform
classroom • library • home
No matter where you are on your journey to bring digital content to the classroom, OverDrive is here to help. We understand what it takes for a successful transition. Digital is all we do, and we’ve helped more than 12,000 districts and schools implement digital content plans to meet their students’ and educators’ needs.

TOP CONTENT FROM HIGHEST-QUALITY PUBLISHERS
We offer more than 2 million titles from 5,000 publishers to support curriculum and instruction goals. Our experienced team of educational content experts works hand-in-hand with districts and schools to select the exact combination of digital content tailored to their unique priorities and resources.

COST-EFFECTIVE DISTRICT/SCHOOL MODEL
We work directly with publishers you know and trust to offer districts and schools the best prices on content, and you only pay for the titles you want. Most digital titles never need to be replaced, and having an organization-wide content access platform reduces the number of copies that have to be purchased.

EASE OF USE AND DEVICE COMPATIBILITY
We put your collection of digital content (incl. streaming video) on one easy-to-use website that’s available to students and teachers 24/7/365. Our content is compatible with all devices – whether owned by the district/school or individual student – and can be used online or offline via the industry’s highest-rated app.

EXPERT SUPPORT FOR DEEP INTEGRATION & IMPLEMENTATION
We’re your partner every step of the way in making a successful transition to digital. From building your website and helping you select a custom list of titles to fill it, to providing comprehensive training resources and promotional tools, we know what it takes to ensure deep digital integration and implementation.
Meet students’ and educators’ needs with a custom combination of digital content

CLASS SETS
- Align your curriculum with key novels, drama, short stories and poetry
- Increase student engagement: Teachers report that more students read the book when it’s offered digitally

INFORMATIONAL TEXTS & LITERARY NONFICTION
- Align resources to units of study
- Support social studies, science, math, electives and other subject areas, including First Nations/Aboriginal Peoples content
- Improve nonfiction reading and writing

LITERACY ENGAGEMENT & DIGITAL BOOKROOMS
- Engage secondary students and support elementary literacy goals with eBooks and audiobooks
- Perfect complement for Reader’s Workshop, Guided Reading, Literature Circle or Accelerated Reader (AR) programs
- Content can be filtered and organized to meet specific needs of all K-12 students

INCLUDES READ-ALONG eBooks
SUPPLEMENTAL CURRICULUM MATERIALS

- Integrate with standard-aligned units of study and performance assessments, including math, science, social studies and English language arts, as well as lesson plans and teacher tools
- Support all subject areas and grade levels

REFERENCE & RESEARCH

- Encourage thorough research and skill development with reference titles in a wide variety of subjects, including history, arts & humanities, science and many more

PROFESSIONAL DEVELOPMENT

- Engage teachers and administrators with content on literacy, leadership, instruction, supporting book studies and individual professional growth

FRENCH IMMERSION

- Promote all aspects of French culture and language learning
- Learn specific content concepts and skills across subject areas and grade levels
ELL & FOREIGN LANGUAGE

- Serve English Language Learners (ELL) and foreign language immersion with titles in Spanish, Chinese, Arabic and more
- Support foreign language learning with eBooks and audiobooks

STREAMING VIDEO

- Advance teaching and learning goals in science, social studies, English language arts and electives
- Titles can be accessed in class and outside by students on their devices

SPECIAL EDUCATION

- Utilize audio and streaming video titles to enhance student understanding
- Higher-interest, lower-level titles
- Content focused on standards at varying levels

CANADIAN CONTENT

- Hundreds of Canadian publishers across subject areas and grade levels
THE LEADING PROVIDER OF DIGITAL CONTENT TO SCHOOLS

- Top content
- Cost-effective district and school model
- Ease of use and device compatibility
- Expert support for deeper implementation

ABOUT OVERDRIVE EDUCATION - A DIVISION OF OVERDRIVE, INC.

OverDrive Education is the leading global digital reading platform for K-12, offering the industry’s largest catalog of eBooks, audiobooks, streaming video and periodicals. As a 100% digital company serving 34,000 libraries and schools worldwide, OverDrive combines the technology you need with the content you want to support learning and reading in the classroom, library and home. With an easy-to-use central platform, students get the right titles at the right time, online or offline, on all major devices. Founded in 1986, OverDrive and OverDrive Education are based in Cleveland, Ohio USA.
